PROFESSIONAL SUMMARY

- UI/UX & Product Designer with 4+ years of experience delivering AI-powered dashboards, SaaS platforms, enterprise portals, and government applications using Figma, Design Thinking, and UCD principles—covering the full lifecycle from UX research, user flows, and wireframing to high-fidelity prototypes and design systems.
- Strong frontend expertise in Angular UI, React UI, HTML5, CSS3, and Bootstrap 5, building pixel-perfect, responsive, and high-performance interfaces with WCAG 2.1 AA accessibility compliance across mobile, tablet, and desktop.
- Proven collaborator with product and engineering teams, translating business requirements into scalable solutions and improving design-to-development efficiency by up to 90% using AI tools like GitHub Copilot, ChatGPT, and Figma AI.

CORE SKILLS

- **UI UX Design:** Figma, Adobe XD, User Experience Design, Information Architecture, User Flows, User Journey Mapping, Interaction Design, Wireframing, Prototyping, Responsive Design, WCAG 2.1 AA and AAA Accessibility, User Interviews, Stakeholder Interviews, Usability Testing, Competitive Analysis, Affinity Mapping, A/B Testing.
- **Design Systems:** Design System, Design Tokens, Semantic Tokens, Component Library, Figma Variables, Figma Components, Variants, Auto Layout, Accessibility, WCAG, Design Governance, Design QA, Storybook, Design-to-Code, Responsive Design.
- **UI Development:** Angular (UI Development, Component Templates, Forms), HTML5, CSS3, Bootstrap 5, Component-Based Architecture, Responsive & Adaptive Web Development for desktop, tablet, and mobile devices, Cross-Functional Collaboration, Git.
- **AI Tools:** ChatGPT, GitHub Copilot, ChatGPT, Figma AI, AI Prompt Engineering for UI/UX, AI Dashboard Design, AI Product Interface Design, Data Visualisation.

PROFESSIONAL EXPERIENCE

Infoneo Technologies Pvt Ltd — UI/UX Designer & UI Developer

Nov 2024 – Mar 2026

- Led the design of **3 AI-powered enterprise SaaS dashboards**, working with product, engineering, and backend teams to turn business requirements into user flows, wireframes, prototypes, and final UI.
- Built and scaled a reusable Design System for enterprise SaaS products, creating consistent UI patterns and components that helped reduce design inconsistencies, speed up feature delivery, improve collaboration with developers, and reduce product delivery time by **25%**.
- Developed pixel-perfect, responsive frontend components using Angular, HTML5, CSS3, and Bootstrap 5, ensuring seamless performance across mobile, tablet, and desktop.

- Applied WCAG 2.1 AA accessibility principles throughout dashboard design and worked with developers to resolve visual and interaction inconsistencies during implementation.

UnifiedCloud Pvt Ltd — UI/UX Designer & UI Developer

Dec 2021 – Sep 2024

- Reviewed and redesigned **5+ legacy enterprise dashboards**, focusing on navigation, information hierarchy, workflow usability, and overall task clarity.
- Simplified key workflows and reorganised the interface, contributing to an **80% improvement in user retention** and a **15% reduction in support tickets**.
- Worked with a **50+ member cross-functional team** across product, engineering, and business throughout design reviews, Agile/Scrum ceremonies, and development handoff.
- Supported frontend implementation using HTML5, CSS3, and Bootstrap and worked with developers to maintain consistency between approved designs and the final product.

KEY PROJECTS

AI Platforms: Proptifi Website, User Panel, Admin Panel

- Executed and developed responsive UI for public website, user dashboard, and admin panel using Angular, HTML5, CSS3, Bootstrap5, Figma.
- Implemented responsive and adaptive layouts ensuring consistent user experience across desktop, tablet, and mobile devices.
- Collaborated with product and backend teams during development to clarify design decisions and resolve UI issues during implementation.

Government and Public Sector Websites: Milan Indian Navy, Bhavini, GAIL Tender Management

- Designed responsive interfaces for government, institutional, and content-heavy platforms where information clarity and navigation were key requirements.
- Created wireframes and high-fidelity designs in Figma and translated complex content and business requirements into structured interfaces.
- Translated UI designs into pixel-perfect, responsive frontend screens using HTML5, CSS3, Bootstrap, React (UI), and PHP, maintaining consistency across devices and screen resolutions.

EDUCATION

Bachelor of Technology (Bachelor's) | Jun 2016 – December 2020

Raj Kumar Goel Institute of Technology, Ghaziabad

12th Standard | Mar 2013 – Mar 2015

Vivekanand Public School, Delhi

LANGUAGES

English, Hindi
